

HI

I am in this activity to take part and enjoy myself. As one of a handful that does most of the work, this form of "punishment" will definitely drive me away from NGPSA matches, hosting them as well as taking part on them. With only 6 points to accumulate I do not "need" NGPSA matches to qualify as a dedicated sportman I only need "them" to belong to a accredited Sport body.

Think carefully before you start punishing for not taking part, we need a carrot not a stick.

I am of the opinion that there are nothing wrong with Roving RO"s. We run the 3-Gun matches on that basis with no real problems.

But good of somebody to think of something.

Pay enough and there will be officials.

Phil.
